

OUR VOLUNTEER PROGRAM AT A GLANCE

As we all work to nurture the lives of many, our volunteer programs feature some of the pressing needs in the communities of Tanzania, Uganda, and Kenya. We provide meaningful volunteer service while contributing effectively to local economies.

In partnering with local communities, our sustainable volunteer initiatives are geared to bring people together as we work side-by-side to foster self-reliance for the local communities we are serving.

We are committed to values that will unite the communities we are in. We will help bring about solutions that will positively influence people's lives. We are PEOPLE & BORDERS and we believe that miracles happen every day. These miracles happen through people like you, who are willing to give your time and talents to help your fellow man.

WHY US

Our volunteer opportunities are tailored to fit the needs of the communities within our geographical operations. We make sure that our volunteers will be able to make the most of their time, by participating in services that are well organized.

HOST FAMILIES

You have the option of staying with the host family who has gone through an extensive background check and orientation. These families are very welcoming and will give you the unique opportunity to get to know the culture you will be serving

CULTURAL IMMERSION

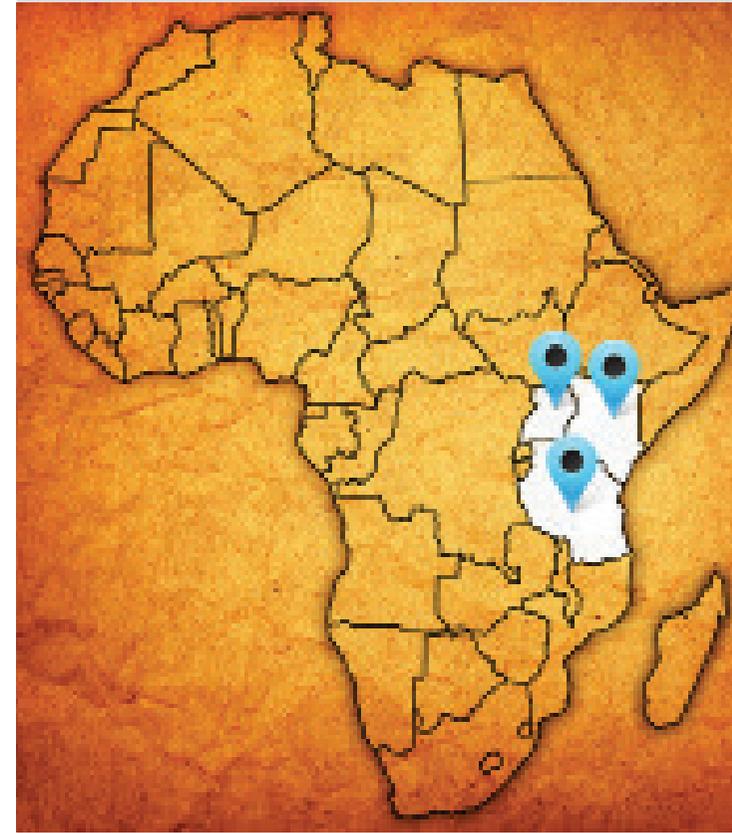

We know that getting to know a new culture can be difficult, because of this, we arrange cultural activities that help you understand the basic customs and culture of the area you will be serving

IN-COUNTRIES

We currently have volunteer opportunities in 3 regions: Tanzania, Uganda and Kenya
